

# Passware Kit Forensic T2 Add-on

Passware Kit Forensic T2 Add-on is an advanced forensic tool that allows users to recover passwords and decrypt disks for Macs with Apple T2 Security Chips.

Note: Passware Kit Forensic T2 Add-on is available for law enforcement and other types of government organizations and private companies with justifiable business needs, such as forensic firms or corporate investigation teams.

Passware forensic products are used by the world's top law enforcement agencies to crack cases where decryption is required – with a 70 percent success rate.

Passware Kit Forensic T2 Add-on is an exclusive solution that recovers passwords for all Macs with Apple T2 Security Chips and decrypts APFS images. As the brute-force attack is performed on the Apple T2 Chip of the target Mac, the average password recovery speed is 10–20 passwords per second.

## Supported Apple Devices:

- MacBook Pro (13-inch, 2020, Two Thunderbolt 3 ports)
- MacBook Pro (13-inch, 2020, Four Thunderbolt 3 ports)
- MacBook Pro (16-inch, 2019)
- MacBook Pro (13-inch, 2019, Two Thunderbolt 3 ports)
- MacBook Pro (15-inch, 2019)
- MacBook Pro (13-inch, 2019, Four Thunderbolt 3 ports)
- MacBook Pro (15-inch, 2018)
- MacBook Pro (13-inch, 2018, Four Thunderbolt 3 ports)
- iMac (Retina 5K, 27-inch, 2020)
- iMac Pro
- Mac Pro (2019)
